Making channel
synchronisation

– *even more teacher friendly*

oticon
PAEDIATRICS

Imagine a day without technical checks!

Teachers shouldn't have to spend time on technical checks and channel management – that's what Amigo eZync is for.

This smart, discreet system makes life in the classroom easier. Placed on the wall or a shelf; it automatically synchronises your students' FM receivers.

This helps you save time, so you have more time for teaching.

MEET Amigo eZync

– the automatic channel synchroniser

EASY TO SET UP
EASY TO USE
EASY TO ENJOY

RIGHT ON YOUR WAVELENGTH

Keeping special-needs students on track demands your full attention. So the simpler your FM equipment is, the easier your job becomes.

With Amigo eZync the moment any student enters your class, they will quite literally be right on your wavelength. Once you've set the unit to the channel of your choice, all synchronisation happens automatically.

WITH Amigo eZync:

TEACHERS can expect

- › More time for teaching
- › More effective communication
- › Better results

STUDENTS can look forward to

- › Less hassle getting connected
- › Consistent access to information
- › Better performance

SCHOOLS can offer

- › Optimum facilities for teachers
- › A better learning environment
for students
- › Peace of mind to parents

Amigo T20

Classroom Transmitter

Amigo T21

Classroom Transmitter
with Team Teaching

The T20 and T21 serve as an all-in-one transmitter, programming and fitting unit. You don't need a PC or software because they communicate with Amigo eZync wirelessly.

Amigo eZync

Automatically synchronises Amigo ear-level receivers.

Amigo R1/Amigo R2

Multi-channel universal receivers fit most BTE hearing instruments and CI processors.

Amigo R7/Amigo R12

Multi-channel receivers for Oticon Sumo, Epoq and Vigo hearing instrument families.

WORKING WITH AMIGO JUST GOT EVEN EASIER

If you've used Amigo transmitters you will know that they make working with FM equipment much easier. But the new Amigo eZync simplifies life even further – because it does all the work for you, automatically.

WHY **Amigo eZync** MAKES SENSE

- › Discreet design
- › Easy to place on a wall, shelf or near the entrance
- › No buttons to tamper with
- › No maintenance required
- › Set the channel once – and go!
- › Runs on mains power
- › Emergency battery backup
